

Employment Opportunity
Department of Chemistry – UNBF
Graduate Student Teaching Assistantships (GSTA)
Winter 2026

A number of graduate student teaching assistantships are available in the Department of Chemistry (UNBF) during the Winter 2026 academic term.

CHEM 1017 General Chemistry Laboratory II

CHEM 1987 General Applied Chemistry Laboratory

Positions available: up to 4 GSTA positions

Hours: 54 or 108 h/term

Employment dates: 5 January 2026 – 24 April 2026

Rate of pay: \$29.92 (Master's students), \$31.24 (PhD)

Laboratory sessions: M T W F 2:30 – 5:30 p.m., T Th 9:30 – 12:30 p.m.

Qualifications: Preference is given to applicants with sufficient chemistry background to fulfil these laboratory and marking duties.

Graduate student TAs will be assigned one (54 h) or two (108 h) laboratory sessions per week. Responsibilities include demonstration of proper laboratory technique, supervision of laboratory sessions to ensure safe practice, marking, and invigilation of exams. Attendance is also required at a regularly-scheduled weekly TA meeting (date and time to be determined). Up-to-date WHMIS certification is required. Topics include: ideal gases, heats and rates of reactions, chemical equilibria, acid-base equilibria, redox titrations, and voltaic cells.

DEADLINE DATE TO APPLY:

Wednesday 26 November, 2025

To Apply:

1. Include a current resume and an unofficial transcript of your marks
2. Apply to: Dr. J. Tait, Department of Chemistry, UNBF, or by email to jtait@unb.ca

This position is covered by a Collective Agreement negotiated between PSAC, on behalf of the Union of Graduate Student Workers (UGSW) Local 60550 and UNB. The University of New Brunswick and the Public Service Alliance of Canada are committed to Employment Equity.
